

PISTime: Employee Time & Attendance Software

Simplify employee time tracking; eliminate tedious efforts to get accurate time to payroll. Automate the process to save time and money.

PISTime will pay for itself in months by eliminating data entry redundancy, reducing time card audit effort, eliminating errors calculating and overpaying for long breaks, late arrivals and early departures.

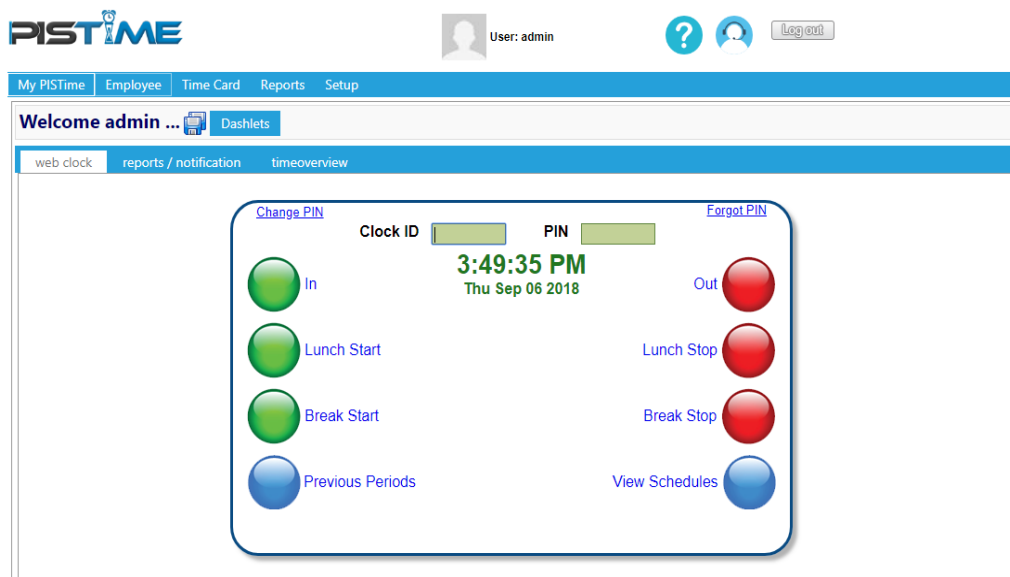

Easy Setup:

The screenshot shows the PISTIME web interface for an administrator. At the top, there is a navigation bar with the PISTIME logo, user information (User: admin), and a Logout button. Below the navigation bar is a menu with options: My PISTime, Employee, Time Card, Reports, and Setup. The main content area displays a table of employees with columns for First Name, Last Name, Clock ID, PIN, Holiday Set, Access Info, Department, Position, Schedule, Pay Rule, and Action. The table lists several employees, including Cameron Squires, Ed Em-4100, Ed Sales, Jeff Bio, Jeff Test1, Jeff Test2, Jeff Test3, John dybowski, Sample Employee, and Sample Employee2. At the bottom of the table, there are navigation buttons for Previous, Next, and Add More, along with a page size indicator (Page size: 10) and a total count (12 items in 2 pages).
